

Bali Soul Journey

September 25 - October 8

Aloha, Beautiful!

I am beyond thrilled to share this special invitation with you today.

Join us in Bali September of 2025 for sacred ceremony, play, healing ritual, and awakening on the trip of a lifetime. Read our special invitation below with your heart wide open, and see what magic and miracles are in store for you!

Christine Laria and Kenneth Ballard invite you to join us in Bali on our 6th Sacred Journey for a most magical time out of time. We have co created an immersion into the Sound, Magic and Mystery of Bali, the Navel of the World.

This trip is a time of spaciousness and renewal. It's a time for your heart to connect to your greatest wisdom and joy while you shed old skin realities and quantum leap into your next reality. It is a time to realize your dreams, meet your magnificence, and fly higher and deeper than you've ever imagined to the farthest reaches of the omnivores!

We literally begin our sacred sojourn at your next highest octave, and then go from there. You are immersed and surrounded by master healers, shamans, and sacred guides. You are in the best of loving hands for all that is next for you - to actualize, realize, rejuvenate and be - whatever the master within you calls forth!

Join us in riding the tsunami of awakening and healing right into your new life in Kenji's unique and special Bali Hai. Ken has assembled a family of powerful shamans and healers not found anywhere else on the planet, almost wholly unavailable to Westerners except through him as Bridge & Gate Keeper. Christine brings her luminous presence as Sound Healer and Soul Guide, ministering to your body, mind, and spirit. You come as you are - perfectly ready for magic and miracles!

In Bali, all of Life is a celebration. We are joining the Balinese as honored guests and family.

This Bali journey is a living meditation, and opens us up to release the full potential of our soul and spirit. The foundation of this journey is Love! Light! Harmony! Peace! Joy! Laughter and more laughter. How can we BE peace?

Bali itself facilitates the nervous system to relax, and transformation comes with Ease and Grace. Bali is the ultimate exhale. Bali is Life personified. Bali is Love.

Join us in connecting to your authentic soul essence. Re-member who you really are, who you have all ways been. Pure. Pristine. Perfection. This is a Holistic & Synergistic program where each ceremony ritual, prayer, offering and dance builds on the last. What we know is after this 2 weeks your life will never be the same again. This is the finest program we have ever facilitated.

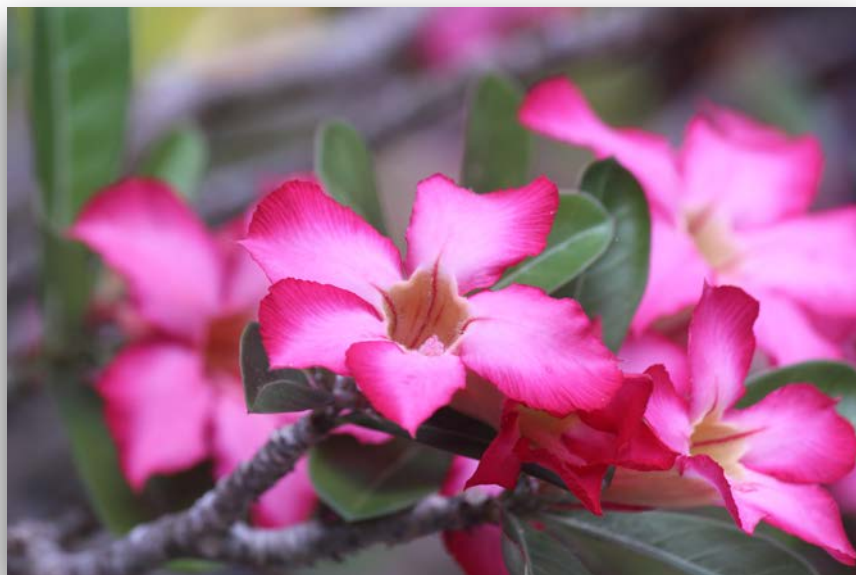

Together Christine and Ken co-create an extra ordinary synergy that is without equal. We met on the Big Island of Hawaii in 2014. There was a deep recognition of our Sisterhood/Brotherhood. We continue with our deep friendship and in multiple collaborations. Christine has traveled with Ken to the Islands of Tonga often to swim with the humpback whales. They have been together in Bali 4 times. This is their 6th offering of dancing with Magic and Mystery of this most potent and transformative place.

Join us in Bali - You will be so happy you did!
In Love and with Aloha,
Christine and Ken
